### Fall Foliage Festival Discussion

Sean Bohman, president of the WFFF Board, met with the group to discuss how the WFFF Board and the Retailers can work together. The general consensus of the group was that we are all working towards the same goal of getting the word out about Warner, drawing people to town, and helping our community. Some great suggestions were discussed for next year including a dog agility course, a flea/antiques market up in the Simonds School area, a juried art show, and use of the field behind Foot Hills. Sean also indicated that the festival board is looking to expand the map to include The Maples and further up Kearsarge Mountain Road. They are also looking into creating a T-Shirt design to sell right at the Festival (different than the coveted volunteer t-shirts). These would be printed on-site and they are looking for someone who could do the printing. The group suggested Split Rock Printing.  
***Action Item: Laura will contact Kevin Faria and have him get in touch with Sean.***
